

Inspiring children to love learning and walk in the light of Christ''

St. Mary's Catholic Primary School and Nursery values all children for their unique gifts and talents.

Each child is encouraged to reach his or her full potential, academically, socially and spiritually.

Children are nurtured and supported as they grow to become curious, confident and independent learners, who work hard and aim high.

POLICY FOR THE ADMINISTRATION OF MEDICATION IN SCHOOL

1.1 The Governors and staff of St Mary's Catholic Primary School wish to ensure that pupils with medication needs receive appropriate care and support at school.

The Headteacher will accept responsibility in principle for members of the school staff giving or supervising pupils taking prescribed medication during the school day

where those members of staff have volunteered to do so.

Please note that parents should keep their children at home if acutely unwell or infectious. After cases of sickness or diarrhoea, children SHOULD BE KEPT AT HOME FOR 48 HOURS.

1.2 Parents are responsible for providing the Headteacher with comprehensive information regarding the pupil's condition and medication.

1.3 Prescribed medication will not be accepted in school without complete written and signed instructions from the parent.

1.4 Staff will not give a non-prescribed medicine to a child.

1.5 Only reasonable quantities of medication should be supplied to the school (for example, a maximum of four weeks supply at any one time).

1.6 Where the pupil travels on school transport with an escort, parents should ensure the escort has written instructions relating to any medication sent with the pupil, including medication for administration during respite care.

1.7 Each item of medication must be delivered to the Mrs Worrall in the office , in normal circumstances by the parent, **in a secure and labelled container as originally dispensed**. Each item of medication must be clearly labelled with the following information:

- . Pupil's Name.
- . Name of medication.
- . Dosage.
- . Frequency of administration.
- . Date of dispensing.
- . Storage requirements (if important).
- . Expiry date.

The school will not accept items of medication in unlabelled containers.

1.8 Unless otherwise indicated, all medication to be administered in school will be kept in a locked medicine cabinet.

1.9 The school will keep records, which they will have available for parents.

1.10 If children refuse to take medicines, staff will not force them to do so, and will inform the parents of the refusal, as a matter of urgency, on the same day. If a refusal to take medicines results in an emergency, the school's emergency procedures will be followed.

1.11 It is the responsibility of parents to notify the school in writing if the pupil's need for medication has ceased.

1.12 It is the parents' responsibility to renew the medication when supplies are running low and to ensure that the medication supplied is within its expiry date.

1.13 The school will not make changes to dosages on parental instructions.

1.14 School staff will not dispose of medicines. Medicines, which are in use and in date, should be collected by the parent at the end of each term. Date expired medicines or those no longer required for treatment will be returned immediately to the parent for transfer to a community pharmacist for safe disposal.

1.15 For each pupil with long-term or complex medication needs, the SENCO and Headteacher will ensure that a Medication Plan and Protocol is drawn up, in conjunction with the appropriate health professionals and in accordance with the Medical Conditions Policy below.

1.16 Where it is appropriate to do so, pupils will be encouraged to administer their own medication, if necessary under staff supervision. Parents will be asked to confirm in writing if they wish their child to carry their medication with them in school.

1.17 Staff who volunteer to assist in the administration of medication will receive appropriate training/guidance through arrangements made with the School Health Service.

1.18 The school will make every effort to continue the administration of medication to a pupil whilst on trips away from the school premises, even if additional arrangements might be required. However, there may be occasions when it may not

be possible to include a pupil on a school trip if appropriate supervision cannot be guaranteed.

All staff will be made aware of the procedures to be followed in the event of a medical emergency.

Policy written: March 2021

Review yearly.
